Product Discontinuation Announcement – Hirschmann Cables & Connectors

Dear Valued Customer,

This letter serves as your formal notification that Belden will discontinue **certain products from our Hirschmann cables & connectors portfolio**, effective January 1st, 2024.

In order to meet the latest market and technology trends, Belden is constantly developing innovative and high-quality products and variants that complement and optimize our existing portfolio. Every product has a defined life cycle, and our products are typically characterized by a very long availability on the market. However, product discontinuation becomes inevitable over a period of time. For example, components in these products may be difficult to obtain or may no longer be available on the market.

Belden has a limited number of components in stock, which will last until the last delivery date. You can find the affected products in the attached list.

The standard warranty terms apply to all products delivered up to the last delivery date. For more information on Belden's Long Term Product Support Policy for Industrial Connectivity products, please visit [Long Term Product Support \(LTPS\)](#). Active special contracts in place prior to the announcement date will be honored according to the terms of that contract, with regards to product availability, warranty, or support terms.

Discontinuation – Milestones: Products from the Hirschmann cables & connectors portfolio

Milestones	Date
Discontinuation Announcement Date	January 1 st , 2024
Last Order Date	October 31 st , 2024
Last Delivery Date	December 31 st , 2024

The delivery of this product will stop after the date of last delivery as outlined herein. Final orders can only be accepted on or before the last order date and are subject to the availability. Early ordering is highly recommended!

Thank you very much for your trust in our company and if you have any questions or remarks, please contact your local Belden sales representative.

Sincerely,

Hirschmann Automation and Control GmbH
