1. INTRODUCTION

1.1 General

This document is valid as of Dragon PTN Release 4.3DR.

Before Release 4.3DR, this manual was growing beyond its limits (450 pages). We have decided to split up this manual in 4 new manuals to group major functionalities together. So depending on what you need, open one of the 4 manuals below instead, or just make an advanced search through all the manuals as described in §1.2.

The original DRM821_*_Dragon_PTN_and_HiProvision_Operation manual has been split into the four manuals in the table below.

Table 1 Manual References

| Ref.	Number	Title
[1Mgt]	DRA-DRM830-&-*	HiProvision Management Operation
[1Eth]	DRA-DRM831-&-*	Dragon PTN Ethernet Services
[1Leg]	DRA-DRM832-&-*	Dragon PTN Legacy Services
[1Net]	DRA-DRM833-&-*	Dragon PTN Network Operation

1.2 Advanced Searching Manuals

At HiProvision installation time, all the available Dragon PTN/HiProvision manuals are installed in the 'documentation folder' below:

<HiProvision Installation path>\HiProvision_V<version>\Documentation

Here are 2 ways to find what you need:

▶ I know which manual I need → just open the manual via clicking it in the folder.

▶ I don't know which manual I need → search your topic through all manuals as follows:
  1. Open Adobe Acrobat Reader by just opening one pdf in the documentation folder.
  2. Open de **Advanced Search** of Adobe Acrobat Reader via **Shift+Ctrl+F**, see figure below.
  3. Select 'All pdf documents in' and browse for location to find and select the documentation folder from your HiProvision installation.
  4. Enter your keyword(s).
  5. Click the **Search** button.
  6. Verify the search results.
