**Product: [FILLER PANEL SOLID PIN E-SERIE](#) ⧉**

EDAP13xx - Series

Product Description
Metal Solid Filler panel with plastic pins for E-Series.

Technical Specifications

Application

Suitable Applications:	Easy installable filler panel for 19" mounting using plastic pins. Installing the filler panel in the rack makes the installation look neat and tidy. Also, the filler panel prevents airflow escaping to the back without passing through the active equipment.
Environmental Space:	Indoor

Environmental and Overall Characteristics

Finish:	Powder Coated
Material:	1.0 mm steel

Standards

EU Directive 2011/65/EU (RoHS 2):	Yes
MII Order #39 (China RoHS):	EUP 50

Related Part Numbers

Included Parts:	The package comes with set of 2 plastic pns for height 1U and 4 plastic pins
Packaging:	Individually packed.
