Fiber Raceway Break-Out, 4x4, 100mm Drop Down 90 Degree Assembly

# **Product Description**

Fiber Raceway Break-Out Kit, 4x4 with Lid, 100mm Drop Down 90 Degree Assembly

### **Technical Specifications**

#### **Product Overview**

Environmental Space:	Indoor	

#### Construction

Weight:	5.291 lbs
Height:	5.905 in (149.987 mm
Width:	8.661 in
Length:	3.464 in

#### **Product Material**

### Materials

Material
Fire retardant plastic, Halogen free, UL94-VO rated

#### **Related Part Numbers**

# Variants

Item #	Color	Length
FRCB3YL9SK	Yellow	3.464 in

#### **Product Notes**

The break out kit is used to provide a safe, exit for optical fibre cords to equipment, at any point in a 100mm, 220mm or 300mm duct system. It allows optical fibre cords to feed vertically down to a rack. The break-out unit clips straight into a cut out, 1 cut wide x 75mm deep, made using the cut out tool. The cut down is made to the top of the ducts highest longitudinal rib. This 100mm x 100mm duct, 90′, down break out kit, has one large diameter convoluted tube exiting the unit. The tube is @75mm ID/@88mm OD mm. With a prepared spare end, the tube screws into the mating outlet port. The 90 degree, down break out has a snap-fit, removable cover. Alternatively, the duct edge can be prepared using a saw with the Cut Out Jig available separately.
