Product Notes

Notes:	This connector is used to establish a right-angled intersection between two 50-mm ducts. ie. all 4 arms of the connector are connected to 50mm duct or other components using joiner. Joiners are available separately. NOTE: Care should be taken not to lay more than 30mm depth of pigtails or patch cords in troughing; particularly where they cross each other at right angles. This may occur with this connector
