

Product: [FRD5TYL](#)

Fiber Raceway Slotted Duct 4x12 with Lid

Product Description

Fiber Raceway Duct & Snap On Lid, 4x12, 2 meters long

Technical Specifications

Product Overview

Environmental Space:	Indoor
----------------------	--------

Construction

Weight:	13.646 lbs
Height:	4.527 in (114.986 mm)
Width:	12.283 in
Length:	78.740 in

Product Material

Materials

Material
Fire retardant plastic, Halogen free, UL94-VO rated

Related Part Numbers

Variants

Item #	Color	Length
FRD5TYL	Yellow	78.740 in

Product Notes

Notes:	It is recommended that a duct be filled to about 50% of its depth with optical fibre cords. Thus, a 300 mm wide duct typically can carry about 5850 of 1.6mm dia optical fibre cords or about 1650 of 3mm dia. optical fibre cords, without causing excessive stress on them. The duct comes complete with a lid and is made of tough Noryl plastic with a non - halogen fire retardent. The cover does not have hinges; it clips onto the duct. The duct connects to other 300mm duct sections and various bends, adapters etc., using the slotless joiner. A duct mounting kit is available separately.
